Invitation valid for one person

Professor Dr Hans-Jörg Fecht

Dr Hans J. Fecht is a Chaired Professor and the Director of Institute of Micro and Nanomaterials at Ulm University/ Germany. He is also the Office Director of EUREKA Cluster Metallurgy Europe

Dr Fecht received his Ph.D. in Materials Science in 1984 from the University of Saarbrücken/Germany. After working several years in different post-doctoral research positions in the USA (University of Wisconsin–Madison and California Institute of Technology, Pasadena) he returned to Germany and held professorships at the University of Augsburg and Technical University Berlin before joining Ulm University.

At present he is also a senior scientist at the Institute of Nanotechnology at Karlsruhe Institute of Technology and holds Adjunct Professor Positions in China, India and Japan. Dr Fecht has (co)authored approximately 400 publications, directs a research group of about 30 Post-Docs, PhD students, graduate students and technicians.
