

Present

1-Day Advanced Programme on Global Logistics and Trade Documentation

27th August 2022 | 3 pm onwards

About the Course

India's achieving 400 billion U.S. dollars trade in the year 2022 is a remarkable jump of 21% from the previous year. However, in the recent times the global business has become uncertain in the wake of the pandemic and the war with intermittent disruptions happening in the logistics domain. India is set to take the center stage in global trade and as such Indian business persons need empowerment. The Bengal Chamber of Commerce and Industry (BCC&I), a leading association where business people are engaged in promoting commercial and industrial interests in the community aims to empower their members in international trade in collaboration with Indian Institute of Foreign Trade, India's leading premier institute in the field of international trade operations would be delivering this management development program on how to manage global business.

Why to Attend?

- To bring in coherence and increased collaboration amongst the participants, representing different stakeholders.
- To enable the participants to know the functions of different stakeholders and understand the issues and challenges being faced by them.
- To understand the international business from the legal, procedural, financial, logistics and supply chain perspectives.
- To help the participants in developing strategies and meeting the challenges in international business transactions.
