

The Bengal Chamber of Commerce and Industry has been selected for a 90 minutes Panel Discussion by COP26 Authorities to present “Accelerating Electric Mobility with green jobs and gender parity” at the Green Zone

Convergence of innovation, partnership and finance will accelerate the E-mobility and help in transition to clean transport.

The presentation of our focus areas and objectives would be delivered through a curated production.

Focus of the Panel Discussion:

- [Kolkata’s success story on E- vehicles in public transport](#)
- *Green Solutions for the city- Case study of New Town, satellite of Kolkata*
- *Implementation of low price green vehicles- Job creation through [electric rickshaws](#) and [toto rickshaws](#)*
- *Gender parity in e mobility*
- *More inclusion of EVs in public transport- focusing on infrastructure*
- *Financing of e-vehicles (including low price vehicles)*
- *Businesses’ Announcements and/or Case Study Presentation on Race to Zero*
