2026 | Kolkata

ABOUT BITC 2026 (#BITC26)

The Bengal Chamber of Commerce and Industry (BCC&I) proudly presents the **17th edition of the Business IT Conclave (#BITC26)**—the region's most anticipated annual platform for **learning, connecting, and collaborating** on transformative technologies and enterprise innovation.

In an era shaped by hyper-connectivity, accelerated innovation, intelligent automation, and boundaryless digital ecosystems, **#BITC26** brings together industry leaders, policymakers, innovators, academia and technology visionaries to explore what truly lies *Beyond Boundaries*.

Join us as we move beyond traditional IT limits to unlock the full potential of the connected enterprise.

THEME 2026

"Beyond Boundaries: Empowering Enterprises through Emerging and Connected Technologies"

This year's theme reflects a world where data, systems, industries, and geographies converge, empowering enterprises to operate with unprecedented speed, intelligence, and resilience. Emerging technologies are enabling businesses to transcend traditional limitations—reshaping operations, customer experiences, and global value chains.

The theme, **"Beyond Boundaries: Empowering Enterprises through Emerging and Connected Technologies,"** will explore how the convergence of revolutionary innovations—from advanced AI to 6G networks—is creating unprecedented opportunities for enterprise growth and resilience. This Conclave aims to equip business leaders with the strategic roadmap to integrate a seamless, intelligent, and secure digital fabric across their operations, driving profitability and future-proofing their organizations.

#BITC26 will spotlight how connected technologies are unlocking new paradigms of:

- **Scalable digital transformation**
- **Secure interconnected ecosystems**
- **Distributed and intelligent operations**
- **High-performance and future-ready enterprises**

The Conclave will explore the strategic, technological, and human shifts needed for industries to thrive in a boundaryless world.

WHY #BITC26?

As enterprises navigate volatile markets, global disruptions, and rapid technological change, embracing emerging and connected technologies is no longer optional—it is a competitive necessity.

This year, BITC examines the integration of AI, automation, cloud, edge, IoT, cybersecurity, data intelligence, and platformisation as enablers for:

- *Breaking functional and geographical silos*
- *Driving enterprise-wide efficiency*
- *Enhancing resilience and risk preparedness*
- *Accelerating growth through innovation*
- *Building ecosystems instead of standalone operations*

Enterprises that embrace hyper-connectivity and emerging technologies are expected to witness higher operational agility, enhanced customer engagement, and improved financial outcomes.

WHAT #BITC26 WILL FEATURE

Seminar including:

- 🔦 **Leadership & Visionary Keynotes**
- 🔦 **Policy Perspectives**
- 🔦 **Thought-provoking panel discussions and High-impact Business Sessions**
- 🔦 **Case Study Presentations**
- 🔦 **Next-Gen Technology Showcases**
- 🔦 **Live Product Demonstrations**
- 🔦 **Sector-specific Exhibitions**
- 🔦 **Curated B2B Meetings and Networking opportunities**
- 🔦 **Exclusive CXO Roundtables**

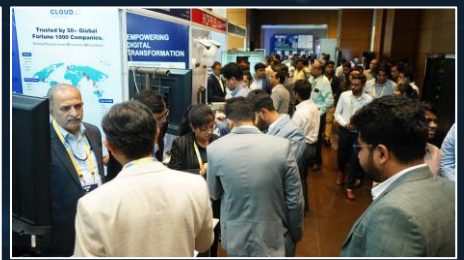

The Conclave will bring together CIOs, CTOs, CISOs, policymakers, digital transformation experts, global technology firms, start-ups, academia, and innovators.

HIGHLIGHTS FROM THE 16th BITC 2025

KEY DISCUSSION THEMES/TRACKS FOR #BITC26

1. Connected Intelligence: The New Enterprise Operating Model

How interconnected systems—AI, cloud, data architectures, and edge computing—are breaking traditional operational boundaries and enabling real-time, adaptive decision-making.

2. Emerging Tech for Business Reinvention

Exploring next-gen technologies such as Web 3.0, spatial computing, digital twins, robotics automation, and industry cloud platforms that are reshaping enterprise capabilities.

3. Cybersecurity in a Borderless Digital Ecosystem

Security by design for hyper-connected enterprises:

- Zero Trust models
- Securing IoT/OT environments
- Quantum-safe security

Preventing cascading risks in interconnected networks

4. GenAI-Powered Enterprise Transformation

How GenAI is augmenting productivity, enhancing creativity, optimising processes, and modernising legacy operations. Use cases include:

- Intelligent automation
- Customer experience transformation
- Knowledge management
- Sustainability analytics

5. AIOps & Autonomous Operations for High Performance

Enabling predictive operations, self-healing infrastructure, and real-time optimisation to deliver seamless uptime, efficiency, and reduced costs.

6. Industrial Transformation: IoT, Physical AI, and Smart Operations

- Connecting Operational Technology (OT) with Information Technology (IT) to create smart factories and industry 4.0 environments.
- Leveraging Physical AI and robotics for industrial transformation, automation, and operational impact.

7. The Agentic Enterprise: Scaling Generative AI for Business Value

- Moving from AI experiments to executive-controlled strategies.
- Designing and deploying Multiagent Systems for complex automation.
- Integrating AI-native platforms and models for enterprise-wide productivity and insight summarization.

8. The Rise of Platform-Based Business Models

Why enterprises are moving from product-based to platform-based ecosystems, enabling new revenue models and unlocking cross-industry collaborations.

9. Secure, Scalable and Distributed Cloud Architectures

Hybrid and multi-cloud strategies for resilient, scalable, and compliant digital growth.

10. Building Future-Ready Digital Workplaces

Smart environments, automation-enabled workflows, high-performance spaces, and tech-integrated employee experience for next-gen workforces.

THE BITC ADVANTAGE

Attendees will gain :

- Exclusive access to pioneering thought leadership
- Practical insights into cross-industry applications of emerging tech
- Strategic perspectives on digital governance and policy
- Roadmaps for enterprise-wide digital reinvention
- High-value networking with industry leaders and technology providers
- Opportunities to collaborate, partner, and explore new markets

CONCLUSION

#BITC26 marks a significant milestone as enterprises prepare for a future where boundaries disappear and innovations converge. Join us on **19th June 2026** in **Kolkata** to explore how **emerging and connected technologies** are reshaping the next generation of business excellence and resilience.
