About BCC&I

Established in 1833, the Bengal Chamber of Commerce and Industry is one of India's oldest institutions of its kind, driving industrial transformation, policy advocacy, and livelihood generation across a diverse spectrum of sectors ranging from manufacturing, IT, and finance to sustainability, carbon offsetting, and local economic development. Operating from its permanent offices in Kolkata and Delhi, the Chamber manages critical B2B, B2G and B2C connections through signature programs across major national hubs and international commercial centres such as London, Bangkok and Chittagong.

At the forefront of its developmental agenda, BCC&I's Health Committee plays a catalytic role in advancing corporate consciousness and healthcare management by bridging the gap between medical professionals, policymakers, and tech pioneers. This commitment is realized through premier flagship initiatives such as the Nursing Conclave, which offers West Bengal Nursing Council CNE points for workforce upskilling; the Sunfeast Farmlite Health and Lifestyle Quiz, a unique event that serves as both a creative networking platform and a tribute to the medical fraternity; the International Health and Wellness Expo in Chittagong, which actively promotes cross-border medical tourism and healthcare collaborations; the National Health Insurance Summit, which aims to build seamless networks between regulators, insurers and providers; and the annual Health Tech Summit that unites the healthcare and IT sectors.

From the Chairperson's Desk

The National Health Committee of The Bengal Chamber of Commerce and Industry drives on the belief that a healthy society is the foundation for a robust economy. As a committee, we do not just host events; we bridge critical gaps. Our committee serves as a vital conduit, bringing together medical professionals, forward-thinking policymakers, and cutting-edge tech pioneers under one cohesive umbrella to redefine care delivery. Our commitment to this transformative journey is realised through our premier flagship initiatives – each meticulously designed to address distinct challenges in our healthcare ecosystem.

The National Health Insurance Summit is our latest addition to the list of annual flagship programmes. The first edition in 2025 brought together government representatives and policy makers, eminent guests from public and private insurance companies, distinguished speakers from statutory bodies such as the General Insurance Council and appointed actuaries associated with renowned insurance companies. The delegates deliberated on the future of health insurance, exploring innovations in preventive care, digitisation, new treatment modalities, home-care and other patient-centric models, garnering appreciation not only from the insurance fraternity but also from the overall healthcare fraternity.

This year, we welcome you to the second edition of the National Health Insurance Summit, themed "Balancing Care, Cost & Coverage: Building a Trusted, Transparent & Sustainable Health Insurance Ecosystem for India". We request you to join us in helping enhance the awareness regarding this programme.

Mr Abhijit Majumdar, Chairperson, National Health Committee, The Bengal Chamber of Commerce & Industry; CEO - Kolkata Region, Apollo Hospitals, delivering the theme address during the inaugural edition of the National Health Insurance Summit

National Health Insurance Summit 2026

India stands at a pivotal moment in its healthcare journey. With the Insurance Regulatory and Development Authority of India's (IRDAI) ambitious vision of "Insurance for All by 2047", the need for a robust, inclusive, and sustainable health insurance ecosystem has never been greater.

The second edition of the National Health Insurance Summit brings together regulators, insurers, hospital leaders, policymakers, third-party administrators and health-tech innovators to co-create actionable solutions that will shape the future of healthcare financing in India.

Building on the success of the inaugural edition in 2025, this summit will move beyond dialogue to decisive action, fostering partnerships, policy recommendations and scalable models.

Key Objectives

-  Expand health insurance penetration across India
-  Enable sustainable pricing and cost rationalisation
-  Strengthen payer-provider collaboration
-  Accelerate digital integration & InsurTech adoption
-  Promote innovation in insurance products and delivery

The Summit will create platform for

Topics

- **Insurance for all by 2047: Moving towards a 'Viksit Bharat'** – GIC & IRDAI vision alignment and expanding insurance access
- **Reimagining Cost Structures in Healthcare** – Tackling medical inflation and introducing value based care models
- **Strengthening Payer-Provider Partnership** – Claims efficiency, reducing TAT and disputes, and building trust frameworks
- **Digital Health & InsurTech Integration** – Digital proliferation of insurance, AI in claims & underwriting, Real-time insurance ecosystems
- **Beyond Hospitalisation: Preventive & OPD Care** – OPD insurance models, wellness-linked products, chronic disease management

Why participate

- Gain deep insights from industry leaders
- Build high-value partnerships
- Showcase innovations & solutions
- Position your organization as a thought leader

Who should join

- CEOs & CXOs – Insurance Companies
- Hospital Owners & Administrators
- Policymakers & Regulators
- Third Party Administrators (TPAs)
- Health-Tech & InsurTech Startups
- Brokers, Consultants & Actuaries
- Corporate HR & Employee Benefits Leader
